8. Pulses	Page 8
9. Conventional Food Products	Page 9

## Private label service

NutriBoost also offers a private label / white label service. This means that we can package any product in any size. Prices per unit depend on quantities ordered and which of our private label services are required.

We offer a variety of pouches, ranging from kraft paper to plastic pouches (with and without window) which are certified food-grade. Prices for filling / labelling are in addition to wholesale prices and are a per bag charge.

Please contact us for a personalised quote as discounts are often available on larger orders. Our pouches are also available to purchase in bulk.

## Terms and conditions

### Prices

All prices are listed in euros and per kilogram. Please note that this is a standard price list and that our prices are subject to change depending on currency fluctuations, order volumes per product and total order volumes. Therefore we kindly ask you to always ask for an updated price regarding the products that you are interested in.

### Shipping terms and costs

Prices listed in this pricelist exclude carriage costs (incoterm: FCA our warehouse) If you would like us to arrange transportation, then your parcels for lower order volumes (up to 100KG) will usually be transported by DHL (see table below for transport prices). For pallet orders we will need to calculate the total shipping costs per order.

### Products

All products offered by NutriBoost are organic certified, unless stated otherwise. The minimum order quantities per product as well as their origin are provided in the different columns of this pricelist. Please note that a change of any of the variables (price, moq, origin) may occur over time.

### Payment terms

We require payments in EUR by bank transfer or through PayPal. For payments to our bank account we kindly ask to use the following IBAN number: **NL96 INGB 0007 8550 98** in the name of **NutriBoost BV**. Our BIC/SWIFT code is: **INGBNL2A**. For orders paid through PayPal a 5 % service fee from Paypal will be added to the invoice.
